

AISP – ISP - School Of Information Systems - SMU MOU Signing Ceremony on 23rd October 2008

Association of Information Security Professional (AISP) and **the ISP-School of Information Systems-Singapore Management University (SMU)** have entered into a **Memorandum of Understanding (MOU)** to collaborate and create a platform for students pursuing a course in Information Security at SMU's School of Information systems with the community to interact and share on security technological interests that play a key role in the industry today.

The MOU was executed on 23rd October 2008 at Singapore Management University.

The highlight of the MOU is the formation of a **student chapter** of the AISP (the AISP and SMU Affiliate Student Chapter).

SMU is the **first tertiary institution** to form a Student Chapter of AISP. There will be opportunities to develop and implement initiatives that will foster and facilitate cooperation between the education sector and the information security industry to represent the interests of students.

MOU signing ceremony

Mr Andrew Wong, shared with the students his vast experiences in the information security industry.

Mr Andrew Wong giving a career talk to SMU students

Dr Bradley Jensen, Academic Relationship Manager with Microsoft Corporation was invited to give a talk on the Information Security industry. He shared with the students his in depth knowledge in Information Security, Software Development, Project Management etc.
